SCP PART#: F-CON-SM2-SC

UPC: 817777011890

DESCRIPTION:
SC bulk fiber connector -- single mode OS2

Features at a Glance

- SC-style connector
- Designed for 9/125 bare or 900μm buffered fiber
- Compatible with major brands of single mode OS2 fiber
- Epoxy optional termination for greater strength
- No polishing required
- Terminates in under two minutes

Mechanical SC connectors are compatible with major brands of single mode OS2 fiber optic cable. They terminate with or without epoxy and don't require expensive tools.
