1	Cable	32# for 0.5m,1m, 2m. 28# for 3m. 26# for 5m
2	Plug	Gold plated
3	Over mold	Black PVC
4	Plastic cap	Transparent

Packing

● Printed bag

8K Ultra HD
Ultra High Speed HDMI® Cable

HDMI® cables are not created equal. This SimplyAV 8K 48Gbps cable has been tested to the latest standards and complies with the Ultra High Speed with Ethernet specification. To experience all of the features with HDMI® 2.1 devices, you must upgrade your interconnect cables to Ultra High Speed or Ultra High Speed with Ethernet.

SimplyAV's 8K 48Gbps cable ensures high-bandwidth dependent features are delivered including uncompressed 8K video with Dynamic HDR. It features exceptionally low EMI (electro-magnetic interference) which reduces interference with nearby wireless devices. The cable is backwards compatible and can be used with all existing HDMI® devices.

PHYSICAL FEATURES:
- Gold plated Type A connectors
- Flexible and Protective CL2/FT4 In-Wall Rated Jacket

Performance Features:

4K	48/50/60 - 100/120 (2160p) - 8MP
